

The Medical Faculty of the Chuvash State University named after I.N.Ulyanov invites English-speaking students to take part in the I University's Olympiad in Propedeutics of Internal Diseases. The Olympiad will be held on April 17, 2021 at 9:00 at corpus "C", room 100.

Relevance. Internal Medicine Propedeutics is an introduction to clinical medicine and lays the foundations for the clinical thinking of students. Teaching medical skills in the Olympiad format reveals creativity and motivates students to actively study clinical disciplines. The Olympiad in the propaedeutics of internal diseases is held with the aim of increasing students' interest in the medical profession, identifying gifted and talented youth, improving the quality of training of future doctors through the formation of clinical thinking in solving situational clinical problems and conducting classical methods of direct examination of the patient: examination, palpation, percussion and auscultation

Participation rules. In the I university's student Olympiad on propaedeutics of internal diseases for foreign students, 3rd year students of the specialty "General Medicine", studying in English, can take part. To participate you should submit an application to the e-mail address: klni21@mail.ru

before April 3, 2021 (to assistant L.N. Vasilyeva).

Format: single and team. The Olympiad is held in 3 parts. PART 1 - Theoretical. PART 2 - Practical. PART 3 - Final.
